## Has the Work Area Been Cleaned?

You need to know. They need to know.

With a wireless peel-and-stick solution, Banner Engineering has created tested and trusted monitoring and indication for industrial surface cleaning. In this era of COVID-19, create and maintain a clean, confident work culture.

Opt for low-cost, highly effective automation:

- Easy set up of equipment and customization of your cleaning schedule
- Indicator lights notify workers for cleaning, provide visual assurance of a clean area
- Materials resistant to cleaning chemicals; Industrial, rugged housing
- Set schedules for more cleaning at peak times or by workcell area types (conveyors vs. common areas)
- Analytics and report generation for compliance

## SNEEZE GUARDS

### TSLOTS SNEEZE GUARDS

**TSLOTS** is now offering clear acrylic anti-virus sneeze guards to support your essential workers fighting the COVID-19 virus. Reduce contact points between your employees and customers with a physical barrier.

- Give your employees and customers extra protection and confidence at work.
- Show your most valued resources that your committed to their health and safety.

### **GUARD** BENEFITS

- **CLEAN SURFACE**

The smooth surface of the acrylic panels allows for easy sanitation for reducing possible contamination.

- **SOCIAL BARRIER**

It's easy to forget to use social distancing, these barriers reduce any unnecessary contact and enforce spacing requirements.

- **MODULARITY**

Have your guarding customized to the size needed for your available counter space, adapt to fit other sizes and use it for future applications.

### **PARTITION** GUARDING

**TSLOTS** partition guarding system can be customized to fit your workspace or open area. Panels are available in clear polycarbonate or white acrylic for your privacy.
